I, \_\_\_\_\_, representing the party of \_\_\_\_\_, have been made aware of the facts below and have relayed these details to the entire group.

- This public carousel, being a huge machine, does utilize grease and although we have not had a problem to date...there is always the possibility that a garment could become stained.
- The type of clothing and footwear worn for a formal event is a bit different than every day styles...there may be an increased risk of slipping, falling or “catching” garments on the carousel hardware.
- EPCPS will attempt to minimize people meandering through the building ...but there remains a possibility that it may occur as the carousel is situated within a public park.

That being noted....

We, \_\_\_\_\_ relieve EPCPS of any liability, should an incident occur while utilizing the carousel for our event.

\*If your event is scheduled when the carousel is open to the general public...the only way to “reserve” any time is to ask for a “Family Ride” for up to 50 (\$50 during regular business hours). Just your family/group will be allowed on the carousel at that time. This is usually up to a fifteen minute time frame. Depending on how fast the photographer can snap some photos...that may be an option. If you wish to ride after the photos, and reserve another slot...it will be an additional \$50.
